

Pa. Woman Forged Bankruptcy Seal To Save Electric

PITTSBURGH (AP) — A Pittsburgh woman made a fake federal bankruptcy court seal on a document in hopes a utility company wouldn't cut off her electric service.

Forty-one-year-old Dorothy Hunt pleaded guilty to the counterfeiting charge Thursday and faces up to five years in prison when she's sentenced Aug. 6.

Prosecutors say Hunt owed Duquesne Light more than \$1,500 and tried to trick the company into believing she had filed for bankruptcy protection so she wouldn't try to collect the debt and shut off her power in the process. Hunt faked the document in October 2005.

It isn't immediately clear how the delinquent bill was resolved. Hunt's public defender says she can't comment.

Judge Denies Gag Order Request For Rendell, Others

PITTSBURGH (AP) — A judge has denied a request to extend a gag order to keep Gov. Ed Rendell and other officials from commenting on the case of a man accused of killing three Pittsburgh police officers.

Allegheny County Judge Jeffrey Manning says in Friday's brief order that he doesn't believe he has the authority to restrict what those not involved in the case can say.

Public defender Lisa Middleman asked for the ban Thursday saying Rendell prejudiced potential jurors by saying he'd quickly sign an execution order for her client, 22-year-old Richard Poplawski.

Poplawski is accused of lying in wait and killing three officers summoned by his mother during an argument April 4.

County prosecutors haven't confirmed they will seek the death penalty.

II Tim 3:12 "Ye, and all that will live godly in Christ Jesus shall suffer persecution."

A recent report released by the U. S. Homeland Security Department contained some disturbing information. The report deals with possible terrorist activity by right wing extremists. Included in this group of possible extremist are those who hold to the Biblical positions of being pro-life, and for marriage being defined as being between one man and one woman for a lifetime. We are entering a dangerous era when the very thing that is at the core of this nation's founding may soon disappear - the freedom to worship God according to our conscience, apart from government intervention. It's time for all Christians to obey I Tim 2:1-2 "I exhort therefore, that first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men; For kings, and for all that are in authority; that we may lead a quiet and peaceable life in all godliness and honesty."
